

Long Lake District Board Meeting

August 16, 2001, 7:30pm

Long Lake Public Landing/Park

Those Attending:

Board Members: Wayne Sauls, Guy Wood, Jim Dahl, Pat Andress

Others: Lou & Jan Frase, Len Seyberth

1. **Motion to elect Wayne as Board Chairperson** made by Guy, second by Jim, carried.
2. **Motion to elect Guy as Secretary/Treasurer** made by Wayne, second by Jim, carried.
3. **Discussion** was held on the Preliminary Development plan for the Chippewa Bay was presented at the Chippewa County Zoning Committee on August 15 and was reviewed with the Board. Surveys and plotting of lots is expected to be finalized for presentation to the County in the next 30 days. Preliminary plan shows 42 lots on the Lake with 53 back lots (95 total). Lake lots have a dock for every two lots and the back lots have lake access from a marina in Dark Lake. The marina has two concerns; 1) access to Dark Lake has minimum lake frontage that is not swamp, and 2) boat access from Dark Lake to Long Lake can not accommodate the expected traffic through the current narrow swamp path (both these items are areas the DNR should be concerned about).
4. **Board requested Lou Frase to present the Long Lake Clarity Study to the Town Board** at their next meeting and thanked Lou for his presentation of this study to the Chippewa County Zoning Committee on August 15 (all Board members were present on 8/15/01).
5. **Motion to meet with the County Zoning Administrator** as to what approvals could or should be expected from the Town Board to support zoning permit reviews that relate to protection of lake quality (run-off, sewage, wells, lake access, roadways, etc.) **and present such recommendations to the Town Board.** Made by Guy, second by Pat, carried. Guy will meet with Doug Clary & draft presentation for the Town Board for Board review/approval.
6. **Motion for Lou Frase to issue a press release of the Lake Study Summary** with a short cover letter. Made by Wayne, second by Pat, carried.
7. **Motion for an introductory letter with copy of Study Summary to be sent to the Chippewa Bay Developer.** Motion by Guy, second by Wayne, carried. Lou & Guy to work together on this.

Meeting adjourned 8:50pm

By: Guy Wood
